

Traditional Mass & Sacraments

This is the sixteenth year in which we have offered the Traditional Latin Mass of the Roman Rite on **Sundays at 10:00 a.m. and Holy-days**, at the Fishermen's & Seamen's Memorial Chapel, making the pre-Vatican II Mass available to the entire Bay Area. Over these years we have received over 20,000 Mass visits and continue to welcome newcomers.

Christmas Midnight High Mass & Matins

We invite you to join us for our chanted Traditional Midnight Latin High Mass of Christmas, the only such Mass offered in the Bay Area, in a truly unique setting. To usher in the Midnight High Mass, the traditional Matins of Christmas from the Divine Office will also be chanted, **starting at 11:00 p.m. on Monday, December 24**, with the St. John Schola (no Mass on Christmas Day).

Your Support Requested

Relying upon your continuing generosity, we do not send out numerous fund-raising communications throughout the year, but only this one at Advent. **We ask you, therefore, before secular Christmas preparations intrude upon your spiritual Advent preparation, to consider sending a tax-deductible donation to support the Society's work and to share in the fruits of the Divine Office and Masses we offer, to:**

**Society of St. John the Apostle / Advent Donations

Traditional Catholic

Some things in life should never change.

Mass, Sacraments & Music at Fishermen's Wharf in San Francisco

Traditional Music

Our St. John Schola is known as a leader in the movement to augment the use of Gregorian chant at the Traditional Latin Mass and Divine Office. We continue to chant the Hour of Terce of the Divine Office in the traditional Roman rite at **9:30 a.m. before every Sunday Mass**. We have begun a program of chanting a Missa Cantata every month. Musical selections and CDs are available on the Society's web site: www.traditio.com/stjohn.htm.
